—A LONG FACE NEVER EARNED A PENNY!

And a grouch never helped a human being. You can afford a smile even if you do not feel like it. A smile does not cost you anything, yet it has a business value. The chap who ducks up smiling when everybody is pulling long faces is the chap you want to do business with.

The grouch only begets grouches and grouches. Look out you are not infected by the grouch. His poison is more dangerous than bolshevism, mosquitoes and fake "hooch" combined.

Smile when you mean it and smile when you don't, and keep right on, with a cheerful mug. It is good business. It helps your digestion. And it makes you welcome everywhere, advises Sugarman's Indicator.

Many a landlord whose taxes have been increased 30 per cent feels that a 75 per cent increase in rent is justified to enable him to break even.

Judgement

A financial institution cannot be judge dby the volume of deposits alone—or by its dividends to stockholders.

There are higher standards of service than these—the standards of service rendered in the development of the community—industrial, commercial, civic.

This bank undertakes to maintain its service to its customers and its community on the highest possible plane. It is because of this that, several years ago, it joined the FEDERAL RESERVE SYSTEM to make sure that its patrons enjoyed every protection and every facility; it is because of this that it maintains a surplus of \$50,000 and that it provides every modern equipment.

The Berea National Bank likes to be judged on the basis of its service to its customers and its community.
